Services Provided:

Nursing Services staff offer a broad and far-reaching scope of services to eligible Tribal Health recipients. Our community registered nurses and community health representatives work closely with the recipient's primary care team to provide:

- Chronic illness monitoring and nursing assessments
- Coordination of health care for elders and those requiring comprehensive management
- Communicable disease education, investigation, and reporting
- Maternal-child health care education
- School-linked health services
- Nutrition counseling and education
- Health promotion and disease prevention
- Assistance to obtain durable medical equipment (DME) as ordered by a health care provider
- Transportation within the local community for routine, non-emergency medical appointments
- Attending recipient's medical appointments to advocate and ensure recipient understanding
- Diabetic foot care
- Immunizations
- Public education regarding health topics as requested
- Nursing Services staff are active in the Tribal community leading and participating in events such as:
 - Women for Wellness
 - Men's Wellness Fair
 - Immunization clinics and other health fairs providing screenings, immunizations, and education
- Nursing Services also partner with a variety of community agencies to improve and promote health and wellness including, but not limited to:
 - Child & Family Services
 - Foster Care Services
 - Adult Protective Services
 - Safety Committee
 - Emergency Planning and Response
 - Diabetes Care Team
 - Health Improvement Plan (HIP)
 - Montana Public Health Association
 - Montana Department of Public Health and Human Services
 - Safe On All Roads
 - Lake County Buckle Up Coalition
 - Breastfeeding Coalition of the Mission Valley
 - DUI Task Force
