GIS PROGRAM

This map is intended for general planning purposes related to the Flathead National Recreation Area. This map is a representation of the physical features, infrastructure, and land ownership boundaries. This map should not be used to establish legal title, boundary lines or locations of improvements.

Much of the land portrayed on this map is tribally owned and is closed to non-tribal entry and use of title. Please observe all tribal, local, and agency regulations and ordinances. These products are provided as a service to our users. It is to be used as the Tribe, or any of its entities, holds for damages from the use of this product.

This map was created from records and existing map products, not from field surveys. Actual land status was obtained by the Confederated Salish & Kootenai Tribes, Title and Records Office, Missoula, Montana.

This map status is current as of 2022.
